**Message Body**

Steve,

Attached you will find that updated memo that I would like to send out to the team as soon as possible. Please review the memo and get back to me tomorrow morning. I would also like to confirm with you that the account that was created last year is setup to receive deposits and it is also setup to push the money out to the other accounts that you have created for the team. Please test this process and get back to me with the results as soon as possible.

John Verbos

Steve,

Attached you will find a document that I would like to send to the team with regards to the upcoming payout. I know that JR put you in charge of setting up all the account information so that we can have the money transferred without fail. Please review the email to the team and the attached document that explain the payout and how it will occur. If you have any changes to the attachment or to the email, please let me know as soon as possible. I would like to get the email out to the team before the end of the month.

JV

All,

Attached you will find a copy of everyone's payout, in dollars, and not percent. I know that everyone has been waiting for this document, and I do apology for not getting this done sooner, but I wanted to make sure we stayed on track to have WM remove from LP by the summer of this year. At the same time, I wanted to make sure that we were able to get a good idea on the amount that could be listed as assists and checks from the current customers before committing to an approximate value or dollar amount that we will all receive. Please review the document and please send all questions to JR or SS, for those are the individuals that will be able to answer your questions based on percent that you should receive and what dollar amount that works out to be. I will be updating everyone every few weeks as to the amount as we move closer to the actual date WM will be out of office.

Thank you all for your hard work and let finish what we all started.

JV
