OK, I will put the boxes in the amware warehouse by a bay door so you will have easy access to load them. I do not work on Saturdays, so I wont be able to help with that part of it. Let me know if I can be of any more assistance.

I spoke with Tony on Friday. I will have a box truck here on Saturday to load the boxes of envelopes.

Natasha,

How would you like to do this? Let me know & I'll get this taken care of for you!

Natasha:

I have not heard of this for years. I had no idea that this was still happening.

Please, you may have as many as you want. IF your school has a truck, it might help if we can use it and load it and take it to the school.

6/24/2006

Jamez, get with Natasha and coordinate the transportation of the boxes.

Dick

Dick,

I see no problem with this. Can I have your permission to follow thru with this?

Jamez

Subject: Empty Envelopes

Since I am here on a limited basis and you are busy, I am putting my request in an email to you.

I understand that you requested that the boxes of empty customer payment envelopes be disposed of. My church collects used stamps that is then turned into funds for missions. I would like to take these empty envelopes to my children's school so that the kids in the after school care can cut off the stamps. We can then return the remaining portion of the envelope for recycling or other disposal. Please let me know if this is agreeable and I will make arrangements with James/Tony to get the envelopes from the warehouse. Thank you.

Natasha
